# SciScore Report

Below you will find your SciScore report containing three tables. Your score is calculated based on adherence to scientific rigor criteria (Table 1) and identification of key biological resources (Table 2). Table 3 contains statistical tests and oligonucleotides but is not scored. If SciScore makes any mistakes, please contact us to help us learn and improve.

**Table 1: Rigor Adherence Table**

| |
|---|
| Ethics |
| Euthanasia Agents: Animals were decapitated 1.5 hours after drug administration. |
| Inclusion and Exclusion Criteria |
| not detected. |
| Attrition |
| not detected. |
| Sex as a biological variable |
| Research design and methods Animals and surgical treatment Male Sprague-Dawley rats (CLEA Japan, Tokyo, Japan) weighing 250-350 g were housed separately in air-conditioned animal quarters with lights on between 06:00 and 18:00 hours. |
| Subject Demographics |
| Weight: Research design and methods Animals and surgical treatment Male Sprague-Dawley rats (CLEA Japan, Tokyo, Japan) weighing 250-350 g were housed separately in air-conditioned animal quarters with lights on between 06:00 and 18:00 hours. |
| Randomization |
| not detected. |
| Blinding |
| not detected. |
| Power Analysis |
| not detected. |
| Replication |
| not required. |

**Table 2: Key Resources Table**

| Your Sentences | REAGENT or RESOURCE | SOURCE | IDENTIFIER |
|---|---|---|---|
| Antibodies | | | |
| 23 c-fos antibody (sc-271243, 1:100) was purchased from Santa Cruz Biotechnology (California, USA). | sc-271243, | | |
| | sc-271243 | | |
| Phospho-AMPKa (Thr172) antibody (2531 1:1000), AMPKa (2532 1:1000) antibody, b-tubulin (9F3) rabbit mAb (2128 1:1000), HRP-linked anti-mouse IgG (7072 1: 5000), and HRP-linked anti-rabbit IgG (7074 1:1000) were from Cell Signaling Technology (MA, USA). | Thr172 | | |
| | b-tubulin (9F3) | | |
| | anti-mouse IgG | | |
| | anti-rabbit IgG | | |
| Experimental Models: Organisms/Strains | | | |
| Research design and methods Animals and surgical treatment Male Sprague-Dawley rats (CLEA Japan, Tokyo, Japan) weighing 250-350 g were housed separately in air-conditioned animal quarters with lights on between 06:00 and 18:00 hours. | Sprague-Dawley | | Suggestion: RRID:RGD_70508( link) |
| Software and Algorithms | | | |
| Band intensities from western blots were measured and quantified using ImageJ software. | ImageJ | | Suggestion: ImageJ, RRID:SCR_003070( link) |
| Data analysis All statistical analyses were performed using GraphPad Prism 8 (V.8.4.3). | GraphPad Prism | | |

**Other Entities Detected**

| Your Sentences | Recognized Entity |
|---|---|
| Statistical Tests | |
| Data for each drug treatment protocol were evaluated by one-way analysis of variance (ANOVA) for each phenotype. | analysis of variance |
| | ANOVA |
| Where indicated, further comparisons between individual groups and the vehicle group were performed using Dunnetts multiple comparison test. | Dunnetts multiple comparison test |
| In some analyses, variances among groups differed significantly using the F-test but were not significantly different after logarithmic transformation. | F-test |
| Oligonucleotides | |
| 18s primers (18S-f: CGGACAGGATTGACAGATTG, 18S-r: CAAATCGCTCCACCAACTAA) were purchased from Applied Biosystems and used with Fast SYBR Green Master Mix in a CFX Connect Real-Time PCR Detection System (Bio-Rad, California, USA). | CGGACAGGATTGACAGATTG |
| | CAAATCGCTCCACCAACTAA |

SciScore is an automated tool that is designed to assist expert reviewers by finding and presenting formulaic information scattered throughout a paper in a standard, easy to digest format. ***SciScore is not a substitute for expert review.*** SciScore also checks for the presence and correctness of several unique identifiers, including RRIDs (research resource identifiers) in the manuscript, detects sentences that appear to be missing RRIDs, and can even suggest RRIDs under certain circumstances. **All RRID suggestions should be verified;** only the author can know whether the suggestions are correct.

For a full description of scored criteria and tips for improving your score, please see https://www.scicrunch.com/sciscorereport-faq
