SciScore Report

Below you will find your SciScore report containing three tables. Your score is calculated based on adherence to scientific rigor criteria (Table 1) and identification of key biological resources (Table 2). Table 3 contains statistical tests and oligonucleotides but is not scored. If SciScore makes any mistakes, please contact us to help us learn and improve.

Table 1: Rigor Adherence Table

Ethics
not required.
Inclusion and Exclusion Criteria
not required.
Attrition
not required.
Sex as a biological variable
not detected.
Subject Demographics
Age: not required.
Weight: not required.
Randomization
not detected.
Blinding
not detected.
Power Analysis
not detected.
Replication
not required.
Cell Line Authentication
not detected.

Table 2: Key Resources Table

Your Sentences	REAGENT or RESOURCE	SOURCE	IDENTIFIER
Experimental Models: Cell Lines			
HEK293 cells were imaged under a similar range of illumination aperture , illumination energy , and focus conditions as the PMMA microspheres .	HEK293		Suggestion: RRID:CVCL_0045(link)
Software and Algorithms			
For study of microspheres suspended in oil , the silica , PMMA and PS microspheres were suspended in 1 ml mineral oil (BioUltra , Sigma-Aldrich , St . Louis , MO) .	Sigma-Aldrich		
Image analysis of the time lapse image sets was performed by segmenting cells using the empirical gradient threshold method implemented in MATLAB , which performs automated segmentation based on image gradient thresholding [18]	MATLAB		Suggestion: MATLAB, RRID:SCR_001622(link)

SciScore is an automated tool that is designed to assist expert reviewers by finding and presenting formulaic information scattered throughout a paper in a standard, easy to digest format. ***SciScore is not a substitute for expert review.*** SciScore also checks for the presence and correctness of several unique identifiers, including RRIDs (research resource identifiers) in the manuscript, detects sentences that appear to be missing RRIDs, and can even suggest RRIDs under certain circumstances. **All RRID suggestions should be verified;** only the author can know whether the suggestions are correct.

For a full description of scored criteria and tips for improving your score, please see https://www.scicrunch.com/sciscorereport-faq
