SciScore Report

Below you will find your SciScore report containing three tables. Your score is calculated based on adherence to scientific rigor criteria (Table 1) and identification of key biological resources (Table 2). Table 3 contains statistical tests and oligonucleotides but is not scored. If SciScore makes any mistakes, please contact us to help us learn and improve.

Table 1: Rigor Adherence Table

Ethics
not required.
Inclusion and Exclusion Criteria
not required.
Attrition
not required.
Sex as a biological variable
not required.
Subject Demographics
Age: not required.
Weight: not required.
Randomization
not detected.
Blinding
not detected.
Power Analysis
not detected.
Replication
Unless indicated otherwise , individual strains were expanded and acclimated to high cell density and high sugar conditions in singlicate YSC-based cultures and divided into triplicate biological samples upon inoculation into fermentation (Fig . 1 , A to C , 2 , and 3) or growth (Fig . 1D) media .

Number: Unless indicated otherwise , individual strains were expanded and acclimated to high cell density and high sugar conditions in singlicate YSC-based cultures and divided into triplicate biological samples upon inoculation into fermentation (Fig . 1 , A to C , 2 , and 3) or growth (Fig . 1D) media .

Code Information

Availability: Induction of HO in Leu+ transformants was conducted in liquid medium containing 20 gliter of galactose for 6 hours at 30degC (complete mating type switching protocol , including preinduction , is available from the Haber Lab website: www.bio.brandeis.eduhaberlabjehsiteprotocol.html).

Table 2: Key Resources Table

Your Sentences	REAGENT or RESOURCE	SOURCE	IDENTIFIER
Recombinant DNA			
To create the diploid xylose-consuming chassis (XYL +) , a xylose-enabled MATa leu2-3 haploid (internal strain F258) available from the development efforts of Zhou et al. (46) was transformed with plasmid pJH727 (GAL::HO LEU2 gift from J . Haber of Brandeis University) to generate a MATa equivalent (46 , 58) .	pJH727		
Briefly , plasmid pCRSPR , PDC1+5 expressing a Candida albicansS.	pCRSPR		
Strains containing a p(RS)415 plasmid were maintained in medium lacking leucine and those with a p426 plasmid lacking uracil .	p(RS)415		
	p426		
Software and Algorithms			
Similarly , ldhA from L . mesenteroides subsp . mesenteroides was produced by Eurofins Genomics (www.eurofinsgenomics.com) from the amino acid sequence available from UniProt (gene entry LEUM_1756) .	UniProt		
Fragmentation patterns from MSMS were matched with reference spectra available in the METLIN online database (metlin.scripps.edu).	METLIN		Suggestion: METLIN (RRID:SCR_010500)(link)
Statistical analysis Calculation of SD, propagation of error, hypothesis testing (two-sample, two-tailed t test, a = 0.05), and P value determination were performed using MATLAB (The MathWorks www.mathworks.com) on independent biological triplicates following standard procedures.	MATLAB		Suggestion: MATLAB, RRID:SCR_001622(link)

Other Entities Detected

Your Sentences	Recognized Entity
Statistical Tests	
Statistical analysis Calculation of SD, propagation of error, hypothesis testing (two-sample, two-tailed t test, a = 0.05), and P value determination were performed using MATLAB (The MathWorks www.mathworks.com) on independent biological triplicates following standard procedures.	t test

SciScore is an automated tool that is designed to assist expert reviewers by finding and presenting formulaic information scattered throughout a paper in a standard, easy to digest format. ***SciScore is not a substitute for expert review.*** SciScore also checks for the presence and correctness of several unique identifiers, including RRIDs (research resource identifiers) in the manuscript, detects sentences that appear to be missing RRIDs, and can even suggest RRIDs under certain circumstances. **All RRID suggestions should be verified;** only the author can know whether the suggestions are correct.

For a full description of scored criteria and tips for improving your score, please see https://www.scicrunch.com/sciscorereport-faq
