SciScore Report

Below you will find your SciScore report containing three tables. Your score is calculated based on adherence to scientific rigor criteria (Table 1) and identification of key biological resources (Table 2). Table 3 contains statistical tests and oligonucleotides but is not scored. If SciScore makes any mistakes, please contact us to help us learn and improve.

Table 1: Rigor Adherence Table

Ethics
IRB: The Premier Healthcare Database is considered exempt from institutional review board (IRB) oversight as dictated by Title 45 Code of Federal Regulations, Part 46 of the USA, specifically 45 CFR 46.101(b)(4).
Inclusion and Exclusion Criteria
Patient Population All adult cases undergoing general anesthesia and receiving NMBA by bolus or infusion , between January 1 , 2014 and June 30 , 2019 were eligible for the study .
Attrition
not detected.
Sex as a biological variable
Primary ICD codes were used for each encounter , and grouped on the basis on their CCS1 category: those missing any ICD procedure code , or falling within CCS1 of obstetrical procedure (used as the closest proxy as no variable for pregnant was available there is neither clinical trial data on the use of sugammadex in pregnant women nor is there any relevant data on lactating womenhuman milk 20) or miscellaneous , were excluded.
Subject Demographics
Age: Methods Study Design This was a retrospective longitudinal analysis of a national electronic healthcare database (Premier Healthcare Database PHD) of US adult (at least 18 years of age) inpatient surgical data.
Randomization
not detected.
Blinding
not detected.
Power Analysis
not detected.
Replication
not required.

The Premier Healthcare Database is considered exempt from institutional review board (IRB) oversight as dictated by Title 45 Code of Federal Regulations, Part 46 of the USA, specifically 45 CFR 46.101(b)(4).	Premier Healthcare		

SciScore is an automated tool that is designed to assist expert reviewers by finding and presenting formulaic information scattered throughout a paper in a standard, easy to digest format. ***SciScore is not a substitute for expert review.*** SciScore also checks for the presence and correctness of several unique identifiers, including RRIDs (research resource identifiers) in the manuscript, detects sentences that appear to be missing RRIDs, and can even suggest RRIDs under certain circumstances. **All RRID suggestions should be verified;** only the author can know whether the suggestions are correct.
