Document Identifier: **PMC8336995**

SciScore Report

Below you will find your SciScore report containing three tables. Your score is calculated based on adherence to scientific rigor criteria (Table 1) and identification of key biological resources (Table 2). Table 3 contains statistical tests and oligonucleotides but is not scored. If SciScore makes any mistakes, please contact us to help us learn and improve.

Table 1: Rigor Adherence Table

Ethics
Euthanasia Agents: Isolation of Tumor-Infiltrating Leukocytes To isolate brain-infiltrating leukocytes , we anesthetized mice and transcardially perfused them with 5 mL of cold PBS.
Inclusion and Exclusion Criteria
not detected.
Attrition
not detected.
Sex as a biological variable
not detected.
Subject Demographics
Age: not detected.
Weight: not detected.
Randomization
not detected.
Blinding
not detected.
Power Analysis
not detected.
Replication
not required.
Cell Line Authentication
not detected.

Table 2: Key Resources Table

Your Sentences	REAGENT or RESOURCE	SOURCE	IDENTIFIER
Antibodies			
The PD-L1 antibody–conjugated SPIO nanoparticles were separated using an LS column and washed with PBS at a volume 25 times greater than the column bed volume to remove unconjugated antibodies; the nanoparticles were then eluted in 600 μL of PBS.	PD-L1		
Flow Cytometry To detect the PD-L1 expression on GL161 cells , cells were detached using Accutase (Thermo Fisher Scientific , USA) and then stained with PDL1-SPIO nanoparticles , SPIO nanoparticles , PDL1 antibodies , or isotype control antibodies , followed by PE-conjugated anti-rat IgG2b antibodies (MRG2b-85 , BioLegend , USA) .	anti-rat IgG2b		
The following antibodies conjugated with fluorochrome were used: Ly6G-PB (RB6-8C5) , Ly6C-FITC (HK1.4) , CD45-APC-Cy7 , (30-F11) , CD11b-PB (M1/70) , and PD-L1-PE (10F.9G2) (BioLegend , USA) .	CD45-APC-Cy7		
	CD11b-PB		
	PD-L1-PE (10F.9G2)		
Cells were treated with SPIO nanoparticles , PDL1-SPIO nanoparticles , PDL1 antibodies , or isotype control antibodies for 24 h at 37 °C and then fixed with 4 % paraformaldehyde for 30 min .	PDL1		
Slides were then stained with AF-488 anti-mouse Rat IgG2b antibody and mounted with a mounting medium containing 4’6-diamidino-2-phenylindole (DAPI) (Vectashield , USA) .	anti-mouse Rat IgG2b		
Next, the secondary antibody, horseradish peroxidase anti-rabbit IgG antibody, was applied to stain the section.	anti-rabbit IgG		
Experimental Models: Cell Lines			
The MRI samples were PDL1-SPIO nanoparticle phantoms and GL261 cells treated with various concentrations of PDL1-SPIO nanoparticles and then suspended in 1% agarose gel.	GL261		Suggestion: RRID:CVCL_Y003(link)

Experimental Models: Organisms/Strains			
Brain Tumor Animal Model For the GL261/TMZ-R GBM animal model , C57BL/6JNarl mice were purchased from the National Laboratory Animal Center .	C57BL/6JNarl		Suggestion: RRID:MGI:5699857(link)
Briefly, GL261/TMZ-R tumor-bearing mice were sacrificed and transcardially perfused with 5 mL of PBS and 5 mL of formalin.	GL261/TMZ-R tumor-bearing		
Software and Algorithms			
Data were analyzed using FlowJo software.	FlowJo		Suggestion: FlowJo, RRID:SCR_008520(link)
The T2* value of each voxel was calculated through exponential fitting performed in-house by using MATLAB (version R2020a, MathWorks, Sherborn, MA, USA).	MATLAB		Suggestion: MATLAB, RRID:SCR_001622(link)

SciScore is an automated tool that is designed to assist expert reviewers by finding and presenting formulaic information scattered throughout a paper in a standard, easy to digest format. ***SciScore is not a substitute for expert review.*** SciScore also checks for the presence and correctness of several unique identifiers, including RRIDs (research resource identifiers) in the manuscript, detects sentences that appear to be missing RRIDs, and can even suggest RRIDs under certain circumstances. **All RRID suggestions should be verified;** only the author can know whether the suggestions are correct.

For a full description of scored criteria and tips for improving your score, please see https://www.scicrunch.com/sciscorereport-faq
