SciScore Report

Below you will find your SciScore report containing three tables. Your score is calculated based on adherence to scientific rigor criteria (Table 1) and identification of key biological resources (Table 2). Table 3 contains statistical tests and oligonucleotides but is not scored. If SciScore makes any mistakes, please contact us to help us learn and improve.

Table 1: Rigor Adherence Table

Ethics
Consent: Thus, a convenience sample of students that agreed to participate was identified and a written consent from parents was required for underage (<18 years)
IRB: The Institutional Review Board of Udine University (Italy
Inclusion and Exclusion Criteria
not detected.
Attrition
not detected.
Sex as a biological variable
not detected.
Subject Demographics
Age: not detected.
Weight: not detected.
Randomization
Informed consent and questionnaires were collected separately to ensure confidentiality , a random code was used to pair the two for any further consent modification .
Blinding
not detected.
Power Analysis
not detected.
Replication
not required.

Table 2: Key Resources Table

Your Sentences	REAGENT or RESOURCE	SOURCE	IDENTIFIER
Software and Algorithms			
All analyses were performed using SAS 9.3 for Windows (SAS Institute Inc .	SAS Institute		Suggestion: Statistical Analysis System, RRID:SCR_008567(link)

Other Entities Detected

Your Sentences	Recognized Entity
Statistical Tests	
Chi-Square or Fishers test were performed to evaluate the association between sex and other variables .	Chi-Square
	Fishers test

SciScore is an automated tool that is designed to assist expert reviewers by finding and presenting formulaic information scattered throughout a paper in a standard, easy to digest format. ***SciScore is not a substitute for expert review.*** SciScore also checks for the presence and correctness of several unique identifiers, including RRIDs (research resource identifiers) in the manuscript, detects sentences that appear to be missing RRIDs, and can even suggest RRIDs under certain circumstances. **All RRID suggestions should be verified;** only the author can know whether the suggestions are correct.
