SciScore Report

Below you will find your SciScore report containing three tables. Your score is calculated based on adherence to scientific rigor criteria (Table 1) and identification of key biological resources (Table 2). Table 3 contains statistical tests and oligonucleotides but is not scored. If SciScore makes any mistakes, please contact us to help us learn and improve.

Table 1: Rigor Adherence Table

Ethics
Consent: To be included in the study, the patients with BD were required to be in clinical remission, i.e., Hamilton Depression Rating Scale (HDRS)11 and Youngs Mania Rating Scale Patients (YMRS)12 score <=7 and provided written informed consent.
Inclusion and Exclusion Criteria
Patients were excluded if they had comorbid psychiatric syndromes including intellectual disability and organic brain syndromes, sleep disorders before onset of BD, uncontrolled physical illnesses despite treatment, substance abuse or dependence (other than tobacco), on shift duties and irregular daytime work schedules, with recent (within 2 months prior to the study) international travel, pregnancy, childbirth, and bereavement.
Attrition
not detected.
Sex as a biological variable
not detected.
Subject Demographics
Weight: Category 3 is positive if there is presence of hypertension (>14090 mmHg or use of medication) or a BMI >30 kgm2.
Randomization
not detected.
Blinding
not detected.
Power Analysis
not detected.
Replication
not required.

Table 2: Key Resources Table

Statistical Tests	
Comparisons were done using the Chi-Square test and t-test.	Chi-Square test
	t-test

SciScore is an automated tool that is designed to assist expert reviewers by finding and presenting formulaic information scattered throughout a paper in a standard, easy to digest format. ***SciScore is not a substitute for expert review.*** SciScore also checks for the presence and correctness of several unique identifiers, including RRIDs (research resource identifiers) in the manuscript, detects sentences that appear to be missing RRIDs, and can even suggest RRIDs under certain circumstances. **All RRID suggestions should be verified;** only the author can know whether the suggestions are correct.

For a full description of scored criteria and tips for improving your score, please see https://www.scicrunch.com/sciscorereport-faq
