SciScore Report

Below you will find your SciScore report containing three tables. Your score is calculated based on adherence to scientific rigor criteria (Table 1) and identification of key biological resources (Table 2). Table 3 contains statistical tests and oligonucleotides but is not scored. If SciScore makes any mistakes, please contact us to help us learn and improve.

Table 1: Rigor Adherence Table

Ethics
IRB: The present study was approved by the Institutional Review Board of our Cancer Center (Approval number 2,009,224-1).
Consent: Written informed consent was obtained from all participants.
Inclusion and Exclusion Criteria
The inclusion criteria were: (1) pathologically confirmed NPC (2) treated naive (3) stage T4N0-3M0 according to the 8th edition of AJCCUICC staging system (4) treated with IC combined with radical IMRT (5) complete pathologic and clinical data.
Attrition
Materials and methods Patients From September 2007 to January 2013, 145 patients with T4 classification NPC treated in Fudan University Shanghai Cancer Center were retrospectively reviewed.
Sex as a biological variable
not detected.
Subject Demographics
Age: not detected.
Weight: not detected.
Randomization
not detected.
Blinding
not detected.
Power Analysis
not detected.
Replication

not required.

Table 2: Key Resources Table

Your Sentences	REAGENT or RESOURCE	SOURCE	IDENTIFIER
Software and Algorithms			
The Statistical Package for Social Sciences (SPSS version 25.0) software was used for statistical analyses.	SPSS		Suggestion: SPSS, RRID:SCR_002865(link)

SciScore is an automated tool that is designed to assist expert reviewers by finding and presenting formulaic information scattered throughout a paper in a standard, easy to digest format. ***SciScore is not a substitute for expert review.*** SciScore also checks for the presence and correctness of several unique identifiers, including RRIDs (research resource identifiers) in the manuscript, detects sentences that appear to be missing RRIDs, and can even suggest RRIDs under certain circumstances. **All RRID suggestions should be verified;** only the author can know whether the suggestions are correct.

For a full description of scored criteria and tips for improving your score, please see https://www.scicrunch.com/sciscorereport-faq
