Document Identifier: **PMC8920016**

SciScore Report

Below you will find your SciScore report containing three tables. Your score is calculated based on adherence to scientific rigor criteria (Table 1) and identification of key biological resources (Table 2). Table 3 contains statistical tests and oligonucleotides but is not scored. If SciScore makes any mistakes, please contact us to help us learn and improve.

Table 1: Rigor Adherence Table

Ethics
not required.
Inclusion and Exclusion Criteria
Data dating back to October 2014 were examined to exclude individuals at high risk of MenB infection.
Attrition
not required.
Sex as a biological variable
not detected.
Subject Demographics
Age: Codes used to identify MenB vaccination claims are detailed in Table, Supplemental Digital Content 5, http:links.lww.comINFE647. Study Population Inclusion criteria were >=1 claim for a MenB vaccination during the identification period 16-23 years of age on the index date and continuous enrollment with medical and pharmacy benefits for >=6 months before and >=15 months after the index date.
Randomization
not detected.
Blinding
not detected.
Power Analysis
not detected.
Replication
not required.

Table 2: Key Resources Table

Your Sentences	REAGENT or RESOURCE	SOURCE	IDENTIFIER

Other Entities Detected

Your Sentences	Recognized Entity
Statistical Tests	
kh2 tests were used to test for differences in nominalcategorical variables t tests were used to test for differences in intervalcontinuous variables.	t tests
Log-rank tests were used to assess statistical significance.	Log-rank tests

SciScore is an automated tool that is designed to assist expert reviewers by finding and presenting formulaic information scattered throughout a paper in a standard, easy to digest format. ***SciScore is not a substitute for expert review.*** SciScore also checks for the presence and correctness of several unique identifiers, including RRIDs (research resource identifiers) in the manuscript, detects sentences that appear to be missing RRIDs, and can even suggest RRIDs under certain circumstances. **All RRID suggestions should be verified;** only the author can know whether the suggestions are correct.

For a full description of scored criteria and tips for improving your score, please see https://www.scicrunch.com/sciscorereport-faq
